On Site Secure Data Destruction Service

Data Eliminate's Secure Data Destruction of Hard Drives and Magnetic Storage Media Service v1.0 permanently destroys your organisation's data in the security of your own premises.

The Service is certified by CESG for public sector use. It includes the environmentally responsible disposal of IT Equipment in line with the WEEE Directive (optional).

5 Easy Steps:

1. You contact us for a quote
2. We confirm the details
3. We attend your premises, destroy your data – you can witness the process.
4. We take the IT waste away and recycle it.
5. We provide official data destruction and recycling certificates.

Our on site CESG certified service starts at £350.

The Service is for the erasure of data with a protective marking up to and including the HMG RESTRICTED category (Impact Level 3). Prices exclude VAT.

Data Eliminate provides off site destruction too - prices start from £90.

Call 0845 1234 400 or visit us at www.secure-data-destruction.co.uk
