IMS202 ENVIRONMENTAL POLICY

Data Eliminate is committed to:

- Protecting the environment and preventing pollution.
- Operating the business to the environmental systems required by ISO 14001.
- Complying in full all relevant legislation and applicable requirements.
- Minimising waste, promoting recycling, reducing energy and raw material consumption and reducing harmful emissions – in particular with regards to Waste Electronic and Electrical Equipment (WEEE).
- Taking into consideration lifestyle perspectives within its environmental planning and management
- Working with customers, suppliers and other third parties to promote positive environmental actions.
- Continually improving our environmental performance by setting objectives, actions and targets.
- Communicating our policy within our organisation and to the public and to other persons working on our behalf.
- Working with and encouraging customers to fulfil the above objectives

Everyone is responsible for the environmental aspects of the company and for reducing their impact.

Managing Director

12th June 2018
